

WILL NOT TREAT WITH STRIKERS

Men Who Refused to Go Out Are Granted an Increase.

Raleigh, N. C., January 10.—The Carolina Power and Light Company has granted to those men who stayed on their cars, refusing to go out today with the strikers, the 18 cents an hour the strikers demanded, but has refused to take back any of the strikers except individually and on the old scale of 15 cents, which is to be the pay of extra men hereafter, instead of 12-1/2 cents as heretofore. Cars are running as usual, and the strike seems to have proven a failure.

Twenty-five of the thirty-five motor-men and conductors who operate the street cars for the Carolina Power and Light Company here, went out at noon today, after demanding 18 instead of 15 cents an hour for the regular men and 15 instead of 12-1/2 cents for extra men also more time for dinner and provision for comfort of the men in service.

A petition to General Manager H. H. Carr was presented Sunday. It objected on the ground that it should have come through Superintendent J. H. Gosney, under whom the men work, and should not include a threat to strike. The men drew a new petition that Mr. Carr refused to sign, and this precipitated the strike today.

The strikers quit the cars at the Fayetteville and Main Street junction. The company had all the cars on the move again, regaining their schedules within an hour by drawing on office men and other employees in other departments. General Manager H. H. Carr says he assured the men that he would willingly treat with them relative to any increase that the company might be able to allow if properly approached, but he would not consider the petition that contained the threat to strike. He had no other communication with them before the strike.

A big crowd gathered at the junction where the strikers quit the cars, and the men who retained their places came in for all sorts of jeers as they ran their cars through the crowds.

INTIMATE PAPERS MUST BE PRODUCED

(Continued From First Page.)

Mr. Carnegie. "I was ready to go. Already I had become engaged in arduous work trying to dispose of surplus wealth and I was willing to retire. Mr. Schwab said the partners were willing, and he went back to see Morgan. When he returned he said Morgan wanted a figure. We went over the estimate and considered the former option of \$100,000,000. Schwab had given about two and a half years before the property had grown in value about \$100,000,000. He thought we ought to add that and I agreed with him. Mr. Morgan accepted that figure."

"That you sold for more than that to the steel corporation," he was asked. "That is not true," Mr. Carnegie stated emphatically. "That was our valuation and Mr. Morgan accepted it as fair. I have since been told that I could have had \$100,000,000 more if I had asked it. Once and for all I want to put to rest the talk that I was holding out for an excessive price. We fixed a fair valuation of \$100,000,000 and got it. There is the truth, gentlemen, and I am here to tell you the truth."

That the steel corporation, said Mr. Gardner, "issued bonds of \$40,000,000 against the Carnegie Steel Company when it was absorbed."

Surprise to him. "That's very surprising to me," said Mr. Carnegie. "I never knew that this was done and was not a party to such a thing."

When asked by Mr. Gardner about the statement made by Senator Oliver that the Carnegie Company received railroad rebates, Mr. Carnegie declared: "It's astonishing how suspected an honest corporation can be. I never

THE CASTORIA COMPANY, 27 N. 3RD STREET, NEW YORK CITY.

A Times-Dispatch Special Feature.

Frank G. Carpenter to write for this paper articles telling how Uncle Sam's big ditch will look just before the winter flows in—What shall we do with our sister republic?—The new Monroe Doctrine, and the treaties before Congress—The conditions in Mexico, and her possible future—A series of graphic special features about our national next door neighbors.

Among the big features which The Times-Dispatch will have during the year will be a series of travel letters by Frank G. Carpenter, covering the isthmus of Panama and Central America and Mexico. Mr. Carpenter is now on the isthmus of Panama gathering the material for the first of these letters, which will be published on one of the Sundays of March next.

After leaving Panama Mr. Carpenter will make his way northward through what to a large extent is the very terra incognita of our hemisphere. This is Central America, a country which will be opened up by the Panama Canal and by the Pan-American Railway, and will very soon be accessible to all.

He will visit the various republics, going first into Costa Rica, thence to Nicaragua, and on by Salvador and Honduras into Guatemala, which is soon to be connected with Mexico by railway.

After spending some months in Central America, it is Mr. Carpenter's plan to travel overland from the end of the Guatemala Railway into Southern Mexico, where the Mexican railways begin, and thence travel northward to Mexico City, from where he will make some extensive journeys throughout our great sister republic.

These letters will begin publication in The Times-Dispatch on one of the Sundays of March next, and they will run regularly, as a series, from then on until completed.

MEMORIAL SERVICE

Lee Camp to Pay Tribute to Dead Confederate Veterans.

In honor of the memory of seventeen members who have died during the past year, memorial services will be held by R. E. Lee Camp, No. 1, United Confederate Veterans, Friday night at 8 o'clock. The memorial oration will be delivered by Rev. James Y. Fair, D.D., while there will also be a few short addresses.

An appropriate musical program will be carried out under the direction of Ben J. Potter, organist of Monumental Church.

The public and especially all Confederate veterans and relatives of the dead men have been invited to be present.

EGGLESTON ON EDUCATION

Supt. of Public Instruction to Speak on Educational Advancement.

A comparison of educational conditions in Virginia between the years 1880 and 1910 will be the subject of an address to be delivered by J. D. Eggleston, State Superintendent of Public Instruction in Virginia, before the Southern Commercial Congress, which will

TOO MUCH ALCOHOL

Wine Sold by Mrs. Ritter Alleged to Be in Violation of Law.

An analysis performed in the State Department of Agriculture showed that the wine alleged to have been sold last Sunday by Mrs. Amanda Ritter, of 1108 East Main Street, contained 11.5 per cent. of alcohol, which, according to the law, makes it an intoxicating liquor. Major Werner was notified of the result of the analysis by Glen Richardson, of the State Department of Agriculture, yesterday afternoon.

Mrs. Ritter was arrested by Officer Dubuque on Sunday after the officer, it is alleged, bought a drink from her. She made no denial of selling the wine, but stated, in self-defense, that she thought she had a right to dispose of home-made products.

The heading in Police Court was postponed pending analysis of the wine.

Sanitary Hotels.

For the information of the traveling public the State Department of Health has issued in pamphlet form a list of the hotels in Virginia which have conformed to the requirements of law in regard to sanitary conditions. This pamphlet, which is an excerpt from the annual report of the Director of Inspection, is available to interested persons upon application to the Board of Health. Copies of the list have also been mailed to the various hotels of the State.

Traveling Libraries.

The traveling library movement in the State continues to grow in popularity, as is evidenced by the fact that the State Library has about exhausted its supply of books for schools and communities. All of the school libraries, all of the general and all except two of the special libraries are now in circulation, and, besides, there are children's schools and two communities which cannot be supplied with libraries for lack of books. However, some new books, composed of the best and

WAS UBIQUITOUS

Detectives Believe Negro Stole all the Way from New York to Florida.

James Richardson, colored, if all the charges against him are true, is a very ubiquitous thief, a sort of tourist burglar, or, when yesterday, Detective-Sergeant Bailey and Detective Belton searched a pawn shop on twenty-three pawn tickets they found in Richardson's possession, they discovered clothing which had been stolen from New York to Florida.

Laden with clothing and shoes the detectives walked into headquarters and deposited their and in Major Werner's office. It looked like a "hand-me-down" collection, though there was some valuable stuff in the lot.

There were shoes from Powell Brothers, Richmond; a coat from Jacobs & Levy, whose store was broken into some time ago, and a coat from the Union Clothing Company. Other clothing was found to have come from Florida, Tennessee and New York. In Police Court the hearing of the negro was postponed to next Wednesday.

Henrico County Cases.

Joshua Evans, colored, indicted for petit larceny, was convicted yesterday by the jury of the Henrico county Circuit Court and sentenced to fifteen days in jail with a fine of \$10.

The case of Sam Mark Woody, the colored boy indicted for an attempted capital crime against a young white girl, will be tried this morning. There is much difference of opinion as to his guilt of the crime alleged, and there is a probability that the capital charge may be substituted by a lesser charge.

THE WEATHER.

Forecast: Virginia—Fair and somewhat colder Thursday; Friday unsettled, continued cold light to moderate north to northwest winds.

North Carolina—Fair Thursday; Friday increasing cloudiness, probably rain; moderate variable winds.

KIZER FIGHTING TO BE REGISTER

All Contests Exceedingly Doubtful, if Claims of Candidates Are Correct.

Developments yesterday showed marked changes in the fight for Register of the Land Office. At a late hour last night the indications were that the vote in the caucus would be exceedingly close between Colonel John W. Richardson, the incumbent, and Major Charles G. Kizer, the chief of police of Norfolk. The latter gained force rapidly through the day, but the supporters of Colonel Richardson asserted with emphasis that they have enough. Both sides are claiming the victory, and to the layman it looks probable that every single vote will count, and that it will be near a tie, barring further changes.

It is still uncertain whether or not the nominations will be made to-night. The joint caucus of the Democrats of the two Houses meets at 8 o'clock, but it may be that the uncontested matters will consume so much time that adjournment will be had until tomorrow night, when the conclusion of the whole matter will be reached. Judge Stafford G. Whittle is to be renominated for the Supreme Court of Appeals, and some fifteen circuit and city judges are to be named, while supporters will make speeches at each occasion.

Auditor's Contest. The fight for Auditor's seat in the air. It was said that the position of Charles A. Johnston, of Montgomery, was greatly strengthened by the day's developments, while it was as positively asserted that the votes which went to him did not come from C. Lee Moore. It is still conceded by everybody that the contest is a plurality, and his friends believe he has a majority, which is contradicted. What his vote is will hardly be known until the ballot is taken.

Victory is claimed by Rosewell Page in his contest for Second Auditor. His supporters have been exceedingly active. His brother, Dr. Thomas Nelson Page, is on the ground. No concessions along this line are being made by Judge John G. Dew, the incumbent.

One nomination to-night is certain—that of S. R. Donohoe to be Auditor for the remainder of the unexpired term of the late Colonel Morton Mayre, to which Mr. Donohoe was appointed by the Governor. It is necessary for the Legislature to elect. His term lasts until March 1 next.

CLERKS ARE DISCHARGED

Census Work Crippled Because of Lack of Funds.

Washington, January 10.—The discharge of 1,100 clerks from the census office today because of the lack of funds has so crippled the thirteenth decennial census work, according to a report from Director Durand to Secretary of Commerce and Labor Nagel, that it will be impossible to complete a number of important subjects by June 30, the date set by law for the publication of all the results.

With the reduced force, the director says the following topics cannot be finished:

Occupation statistics; Characteristics of the foreign born population, classified according to country of its birth; mother tongue of the foreign born; tenure of homes; defective, dependent and delinquent classes; animal products of farms, including dairy and poultry products; and animals sold and slaughtered.

The cause of the reduction in force was the recent action of Congress in appropriating a deficiency of \$500,000, instead of \$1,000,000, as requested by the census office.

Charters Issued.

Paint Bank Ore Company (Inc.), Paint Bank, Va. G. T. Thayer, president, Charleston, S. C. F. H. Ayers, vice-president; C. L. Lemon, secretary and treasurer, both of Paint Bank, Va. Capital: Maximum, \$10,000; minimum, \$2,000. Object: Mining business.

Wainwright-Ayers-Carroll Company (Inc.), Portsmouth, Va. T. W. Carroll, president; Charleston, S. C. F. H. Ayers, vice-president; W. T. Sellers, secretary and treasurer, both of Portsmouth, Va. Capital: Maximum, \$25,000; minimum, \$25,000. Object: Fish and oyster business.

Certificate of authority to foreign charter, for the State of Virginia, of Florida, to do business of insurance.

New Editor Selected.

Charlotteville, Va., January 10.—A. G. Robertson, of Staunton, has been elected editor-in-chief of College Topics, the semi-weekly published by the General Athletic Association of the University of Virginia, to succeed R. C. Mowatt, of Memphis, Tenn., resigned. Mr. Robertson returned to the university last fall after an absence of two years spent in the West, and entered the law department. While at Woodbury Forest he was editor in his graduating year of the school paper. He has been on the Topics' staff this session.

S. A. L. November Earnings.

Great earnings of the Seaboard Air Line Railway during November, 1911, were \$1,953,837 against \$1,893,461 for the same month of 1910, or an increase of \$60,376. Operating expenses and taxes during the month aggregated \$1,165,992 over \$1,291,165 of the same month of the year before, or an increase of \$125,173. There was a decrease of \$14,861 in the net earnings.

Lost His Hair, Beard and Mustache

Terrible Plight of a Pennsylvania Man Reported by a Prominent Citizen:

"About two years ago my hair, beard and mustache started to come out in spots. These spots were entirely bare of hair."

Seeing PARISIAN SAGE advertised, I purchased four bottles, and after using two of the bottles, the hair came in until now I have as good a head of hair as I had before this trouble started."

I can truthfully recommend this preparation to any one for what it recommends for.—Sam Galder, Jamison City, Col. Co., Pa. Oct. 11, 1911."

Please bear in mind that PARISIAN SAGE is not guaranteed to grow hair on bald heads.

In Mr. Galder's case the hair root was not dead, and there is no good reason

why PARISIAN SAGE should not do just what he writes it did.

"The next time Mr. Galder came into my store after purchasing the PARISIAN SAGE," writes the druggist who sold him, "his appearance was so changed I did not know him."

PARISIAN SAGE is without doubt the most efficient hair grower, beautifier and dandruff cure in the world, and people who are wasting time with ordinary commercial tonics should wake up.

PARISIAN SAGE will banish dandruff, stop falling hair and itching scalp; will put life, lustre and beauty into faded hair, or money back. It is a most delightful and refreshing tonic for men, women and children. Large bottle 50 cents at Tragle's and druggists the country over.

Can Work Now

Even Her Washing

When a woman cannot do her house work, she is in a bad fix, and so is her family.

Many are unable, by reason of womanly ailments, weakness, etc., to do the work they would like to do, and some, like Mrs. Ocie Jett, of McMinnville, Tenn., are unable to do any work at all. In describing her condition, in a recent letter, Mrs. Jett says: "I had what the doctors called 'inflammation,' and was troubled with other womanly ailments."

I lay in bed 27 days, and although the doctor came every day, he did me no good. Finally, he advised a very serious operation, but I would not consent.

As I had often heard of Cardui, I decided to give it a trial. When I had taken two bottles, I was going about the house doing my work.

Now, I do it all, even my washing.

I can truthfully say that I don't believe I would be living today, if it hadn't been for Cardui."

How many women are there in this town,—who are in ill-health, as a result of womanly weakness?

They, all of them, You, if you are one, would be benefited by Cardui, the woman's tonic.

It will help the simple ailments, like headache, backache, irritability, nervousness, tired feeling, general weakness, etc., as well as the serious cases like the one which has just been described.

Won't you give Cardui a chance to help you?

CARDUI The Woman's Tonic
